

Ullens Triumphant in 10th Wilson Hoops

By Prajesh Ghimire, Journalism Club - Grade10

Ullens is very good in sports, especially basketball. Wining the 10th Wilson hoops tournament just proves it. We were unbeaten in the whole tournament. In opening game we beat the British school comfortably by the score of 54-19. Kishan Nepali scored 24 points for our school in the particular game. All other players performed very well.

This win was followed by another whooping victory over Midland School with very big score difference Kishan was again the hero of the game scoring 12 points. That win ensured our place in pre-quarter final round.

In this round, the same story repeated. Our boys just showed other schools how to win the game. They beat Young Hearts School comprehensibly where, as usual, Kishan was the hero as he scored 16 points which made him the highest scorer of the match for the third time in the tournament. That win took us to the quarter final and we were beginning to sense the Cup.

In quarter final our boys repeated their magical performance once again. Our boys beat Unique School with another great score difference of 44-22. Kishan proved himself again as one of the vital players by scoring 16 points which was the highest score. Our captain Prajun also came up with very fine assists which secured our place in the semi finals.

Our winning streak was extended to 5 games after we beat the home team Wilson. At first it seemed that the game would be very close game but after second quarter our boys fired up. We beat Wilson comprehensibly.

That win sent us to the final of the 10th Wilson Hoops Basketball Tournament in senior boy's category. After two second places and an unhappy semifinal in the same tournament in the past, we were finally crowned as the champion after beating the Samboda School with a score of 42 – 61. This time Prajun was the star as he scored 15 points and played very well in defense, and also provided some good assists however all of our boys performed very well as a team. It was well deserved victory as our boys played very well. Prajun Pokhrel, and Nanda Chepang top-scored with 12 points each in the finals, while Kishan Nepali top-scored in the tournament. So the end of that game was the end of a very successful tournament for Ullens.

Players and coach of Ullens School celebrate after winning the senior boys' title of the Wilson Hoops 10th Inter-school Basketball Tournament in Kathmandu on Saturday.
