Grade: Three

Year: Three. No.1 May, 2008  
Grade Teacher: Ms. Urmila Shrestha  
& Ms. Candina Gurung

As grade three teachers, we strongly believe that parents should keep themselves updated with the on-going activities in the classroom. You are heartily welcome to visit your child's classroom to make the grade three learning experience a memorable and enriching one.

### नेपाली

नेपाली विषयमा विद्यार्थीहरु पहिलो त्रैमासिक परीक्षाको लागि निर्धारित पाठ्यक्रम अनुसार कथा विधा बाट “ हुड्गाको खिचडी ” शीर्षकको पाठ र निबन्ध विधा बाट “ म को हुँ ?” पाठ पढी पढाइएका पाठका कठिन शब्दहरु वाक्यमा प्रयोग गर्न सक्ने भएका छन् साथै एक वचनबाट बहुवचन र बहुवचनबाट एक वचनमा सामान्य वाक्य बदल्न सक्ने भएका छन् ।

### English:

In English, children are being taught how to recognize rhymes in poems and are learning to appreciate poetry. Animals have been a major topic in English covering pets-how to take care of pets, related project works, Mothers of the Wild and how animals take care of their young ones. In the grammatical aspect, they have been doing singulars and plurals focusing on irregular plurals like tooth-teeth and making sentences with them. Also we are working on using verbs in different ways. They have also been working on comparatives and superlatives and encouraging class participation and sharing ideas.

### Science:

In Science, children have learnt about living and non-living things through different discussions and project works. Now, they have been working with the unit 'plants' which will be continued for a couple of weeks followed by the unit 'animals'. They will be taken on different field trips to explore and strengthen their knowledge about the environment.

### Mathematics:

In Mathematics, the third graders' are learning about time (i.e. minutes, hours, days, weeks and months). They have also acquired knowledge about how to read the calendar. The unit 'Time' will be continued for a week followed by the units 'Money' and 'Measurement'.

### Social Studies:

In Social Studies, the main topic that is being covered is 'Good Habits-in the bathroom, in school, at home, while eating, etc. There are a lot of class discussions encouraging the children to participate and express their ideas. We are encouraging them to follow what they have learnt in school and its surroundings. Related project works with the unit will also be done in the coming weeks.

## Computer

In grade 3, we started our classes by learning to boot the computers properly by pressing Power Button in the C.P.U. Then all the children learned to log on to their computer by typing their own User ID and password. They were also taught to shut their computers in sequence. We also did small exercise on recognizing different parts of the computer.

Besides this we started using Paint Program. They were taught to open paint program form the start menu >all programs>and accessories. In paint program they enjoyed making shapes and fill in colors. They learned to make geometrical shape like Square, Rectangle, Circle, Oval, triangle and many polygonal shapes.

Finally by the help of different shape tools in paint they build a robot, a house, a wall clock etc. With this they observed and learned that there are lots of objects around them which can be made by using geometrical shape.

## Visual Arts

Department of art and craft took on drawing, painting, paper work and model shaping with all the students. Students were instructed to develop group based concepts and elaborate them through the medium of art. They prepared paper mashie, paper sculptures and 3d effects drawings with the use of water colors, crayons, oil pastels, pencil colors and chocks.
