

NEWS FROM GRADE TWO:

Grade Teachers: Miss Youshmi Thapa and Mrs. Meena Sharma

In English, students have completed the first chapter of their text book. They enjoyed the lesson. They learnt some new vocabularies and also presented the story in the form of drama. They had a great fun while presenting it. Now they are studying the second lesson Sabuk and Deer. We are not sending their worksheets home as it will be compiled in their portfolio.

In Social Studies, students are busy learning how to take care of their belongings. They did a project work on different occupations. If you have time, you are most welcome to visit your child's classroom and observe the project work. For this month, the next unit will be "Social problem, modification and solution." They will visit the religious place Swayambhunath to know about its importance and also to recognize the disability found in the society.

In Science, it is very remarkable to observe their involvement in classroom activities. They visited school surrounding where they discovered different living and non-living things. They worked on charts, worksheets and varieties of hands on activities. They are learning about wild and domestic animals. We are planning to take children to Zoo to explore animals. A brief description of the field trip will be sent home later.

In Math, children completed the geometrical portion. They visited school premises where they discovered different geometrical shapes .Their models on geometrical shapes are worth admiring. They have already started second unit "Number concept ". In this unit they are learning about "Hindu-Arabic" numbers and place value with the help of abacus, base ten blocks and seeds.

नेपाली विषयको पाठ्यपुस्तक अन्तर्गत कथा विद्याबाट सिंह र खरायो शीर्षक पाठ अध्यापन गराइदै छ । जसमा विद्यार्थीहरूले विभिन्न जनावरहरूको आवाज पहिचान गरि तिनिहरूको नाम लेखेका थिए । आउने महिनामा अन्य दुई कथाहरू अध्यापन गराइनेछ ।

Children learnt computer handling process. So, they can handle their computer properly. Presently they are studying the unit "Introduction to Computer". They are participating on class discussion and knowledge sharing about Computer.
