

In English, students have completed the second chapter of their text book. They enjoyed the lesson. They learnt some new vocabularies and also presented the story in the form of story mobile. They had great fun while doing that project work. Now they are studying the third lesson "The Golden Windows". They are learning some action words and its past form in this lesson.

In Social Studies, students are busy in learning how to behave with the disable people. They did a project work on four major religions. They even made their family booklet. They visited the religious place Swayambhunath to know more about one major religion. For this month, the next unit will be "National Emblems."

In Science, they studied about animals- food, shelter, and movement. Children are studying plants life this week. The objective of the topic is to categorize plants into different types -herbs, shrubs and trees.

Children will learn about the ways of cleaning different parts of body with the help of different materials like tooth brush, comb, nail cutter, soap, cotton buds etc. It would be great if you as parents encourage your child to use these materials independently.

In Math children studied the 'Number concept' .They learnt about numerals and number name up to 1000,place value, ascending – descending numbers with the help of abacus and various other materials. Extra practice and guidance can help them to be a 'little Mathematician'. Now we are moving to our next units set and graph. In this topic students will learn about different graphs and different sets.

नेपाली विषयको पाठ्यपुस्तक अन्तर्गत कथा विद्याबाट सिँह र खरायो र चलाख फयाउरो पाठ सकिएको छ। विद्यार्थीहरूद्वारा सुनाई सिकेको अध्यापन गराइदा उत्साहपूर्वक विभिन्न जनावरको आवाज सुनि तिनहरूको आवाज पहिचान गरेका थिए । सिँह र खरायो कथालाई विद्यार्थीहरूले नाटकको माध्यमबाट प्रस्तुत गरेका थिए ।आउने महिनामा अन्य दुई कथाहरू मान्छेको बुद्धि र स्यालको जुक्ती अध्यापन गराइनेछ ।
