Grade: Four

Year: Two, No.2, 16th July 2007
Grade Teachers: Ms. Rita Ale and Ms.
Shradga Basistha

The month of June was quite productive for grade four as they designed and presented their project works in the classroom for almost all subjects. They have gained confidence to share their ideas, deliver views and participate in class discussions.

In science, after the completion of the animal kingdom they are currently studying plant kingdom. They have made animal booklets for their science project. Shortly they will be taken for a field trip for the study of plants. The study of plant development is going on in the classroom through daily observation of pea plant planted in the pot by the students.

In Math, they completed the first unit, the report of which has already been sent to you. Now they have started Unit II “**Basic Mathematical Operation**” They are dealing with the word problems related to the four mathematical operations.

In English, students have completed Unit II of which the unit test was taken and the report has been sent to you. Currently they are working on Unit III “**The Letter Box**” and Unit IV “**Jeannie’s Amber Beads**”. The pictorial presentation of the story has been done by the students.

In Social Studies, we will complete Unit II “**Social Norms and our Tradition**” by the end of this month. The students actively participated in paddy plantation on the occasion of 15th Ashad and also presented a project work entitled “**The food varieties and products of paddy plant**” on the same day which was well appreciated by all. They are integrating themselves with the importance of social norms and our traditions by class discussion and role plays. Grade four used their own creativity in developing a booklet on “**Physically challenged people**”.

नेपाली विषयमा कक्षा चारका विद्यार्थीहरूले कथा विधा अन्तर्गत सबै पाठहरूसँग सम्बन्धित कार्य सकी दोश्रो एकाइ परीक्षाको प्रगति विवरण अभिभावक समक्ष पठाउने कार्य सकिएको छ । हाल विद्यार्थीहरूले कथा विधाकै योजना कार्य (कथा समिक्षा अन्तर्गत छुट्टा-छुट्टै समूहमा कथा माला, कथा बादल, कथा चक्र, कथा मोबाइल र कथा फ्रेम बनाएर उक्त कथाहरूलाई प्रस्तुत गर्ने तयारी गर्दैछन् ।

Flow water colour painting/ daily life drawing/ water colour portrait/ free composition on Ashar Pandra.

Children studied about computer, its working principle and its basic characteristics. They learnt to send e-mail using Ullens mail. Presently, they are studying about Microsoft-Windows.

Thank you
