

नेपाली

कक्षा दुईका विद्यार्थीहरूलाई नेपाली विषयमा कथा विधाबाट 'चलाख फ्याउरो' शीर्षकको पाठ र संवाद विधाबाट 'मामा माइजू' पाठ पढी पढाइएका पाठका कठीन शब्दहरू वाक्यमा प्रयोग गर्ने कार्य गराइएको छ। हाल उनीहरू वचन, लिंग, पुरुष अनुसार क्रिया छनौट गरी सामान्य वाक्य बनाउने कार्य गर्दैछन्।

English:

The children have finished the first two stories. They have finished with the Vocabulary Sheet and the exercises of all the completed lessons so far. Unit test of the first lesson from Reader and was taken and the results were given in the first week of July. Worksheets have also been done and it is a positive outcome that the children are interested to complete their worksheet which focuses on their grammatical skills. This month more focus have been given to Comprehension and composition as it was done in both the Reader and Syntax Grammar. Field trip was taken to the nearby locality to know about their understanding of Nouns. The children were asked to observe their surrounding and write Nouns (Names, Animals, Things and Places) they know of and can see around them. The children also made a story necklace of the first lesson as a part of their project work. The result of the Unit Test will be sent with the children so that the parents can know of the improvement of their wards.

Science:

The children studied about animals-food, shelter, and movement. We took the children to the Zoo to learn more about animals and birds. The students were keen on expressing their knowledge on the names of animals. The children seemed to be very excited and the trip proved to be an informative as well as a good experience for the children. Students will be studying about plants next week. The main objective of the topic is to categorize different types of plants-herbs, shrubs and trees.

Mathematics:

Children are studying Number concept. They learnt about numerals and number names up to 1000, Place value, increasing - decreasing numbers with the help of various materials. Now we are moving to our next units set and graph. In this topic students will learn about different graphs and different sets.

Social Studies:

In social studies the children have completed first and half of the second unit which comprises of six lessons. Unit Test for Social Studies was conducted on 3rd June from the first lesson (first four units). The results will be given in the first week of July. The mark sheets of the children are fairly well. The focus was more on written and drawing on their own rather than worksheets this time. The children learnt to make family tree and also did Neighborhood mapping lesson as a part of project work. The students seemed to enjoy this group activity where they have to draw the map of their school locating various places within the school. The result of this project work was pretty impressive. The result of the

Unit Test will be sent with the children so that the parents can know of the improvement of the child.

Computer

Children of grade two are learning WordPad. In this unit, they have learnt typing words/sentences with different colors, changing font size, font name and font styles. Besides this they learnt about different colors and various keys on keyboard such as Enter, Backspace, Delete, Left, Right, Up, Down, Caps Lock etc. They showed great interest in using font for cursive writing.

Visual Arts

Department of art and craft took on drawing, painting with all the students. Students are learning to develop and sharpen their creative skills through the practice of drawing and painting using different mediums. They prepared some key drawings and developed them into large size canvases and papers.

Students from grade 4,5 and 6 participated in a day art workshop on the occasion of World's Environment Day, 5th June 2008 "KICK THE HABBIT"
