## GRADE I

Grade Teacher: Ms. Shilu Karki & Ms.  
Youshmi Thapa

---

### नेपाली

नेपाली विषयमा कक्षा १ का विद्यार्थीहरूलाई माउ र बचेरा पाठ पढाई, चराहरू जनावरहरूको नाम , जनावरहरूको बासस्थानबारे जानकारी दिई सरल अनुच्छेद पढेर प्रश्नको उत्तर लेख्ने कार्य गराइयो ।

### English:

In English children have been introduced structures.

- Has/ have
- Tenses (past, present, future tenses)
- Essay writing

Children have been making question on there own and are identifying the different kinds of tenses using storybooks, worksheets and through conversation. Children are working reading short paragraphs and answering to question in complete sentence.

### Science:

We have completed the entire topic for this term

- Nutrition and food
- Communicable Diseases
- Primary treatment /First aid and Prevention
- Health services

### Mathematics:

In math children have been introduced to.

- Word problem
- Money
- Measurement (centimeters/inches)

To make learning more interesting children have been playing “shop shop”. This helps incorporate topic like addition, subtraction, learning money value and being economical.

Learning about time has made it easier for children to come to on time without being informed.

### Social Studies:

In social studies children are still working on the unit “Nepalese Tradition Social Values and Norms”. In this unit children have been introduced to the different

ethnic group, food clothes and language. The two linguistic groups that we are focusing upon in this grade are the 'Newars and Sherpas". Diversity day has made learning about this unit more interesting and valuable.

**Computer:**

Grade one started using WordPad. In WordPad they did simple typing practice. They typed in Capital and Small letters. They also practiced typing numbers. They did simple text formatting as they did in Paint. Like changing font color, text size and font face.

**Grade I School Picnic**
